ABOUT ME

Front End Developer focused on UI/UX, bringing a decade of experience as a Camera Technician where I specialized in technical execution and visual specification fulfillment. Successfully transitioning careers, I leverage a unique expertise in visual fidelity, colour theory, and user-centric presentation to ensure pixel-perfect interfaces and seamless user experiences.

WORK EXPERIENCE

Camera Technician & Warehouse Manager | Kamera Rental AS | 2016 – 2024

- Directed operations, maintenance, and inventory for a high-value technical warehouse, implementing rigorous QA protocols and optimizing workflow systems.
- Managed complex equipment deployment, troubleshooting technical issues and providing client support in high-pressure, deadline-driven environments.
- Developed and delivered technical training, translating complex procedures into clear user documentation.

DoP, Focus Puller & Camera Assistant | Freelancer | 2014 – Present

- Maintained pixel-perfect visual standards and managed complex, high-stakes technical tasks under extreme pressure and tight deadlines.

Film Teacher | Sunnhordland Folkehøgskole | 2014 – 2020

- Transferred Skill Focus: Developed and delivered technical training, demonstrating a strong ability to translate complex procedures into clear, actionable documentation and instruction.
